Dear Tony,

How are you? I hope all is well with you and yours.

I had to send a note to say - Have I told you lately that I love you??

The HR Navigator is an AMAZING resource - THANK YOU!! Honestly, I have been looking for something like this (yes, I'll admit I was looking for free information which doesn't exist) and couldn't find anything so comprehensive and easy. Even my paid memberships to the Society for Human Resource Management and the New England Human Resources Association are lacking. I have only spent 20 minutes looking through this site but have found all of the information about laws in California in ONE place then I've been able to find in months.

Did I mention that it's ***all in one place?***

You remain my favorite person ever - after Andrea of course - and I cannot wait to get back to my searching!

Thanks again,

Katy Mora  
Office/HR Manager
